E'S FAREWELL

, CNH Bees!

and Fearless Frog finally found the Sea of Service with that, I welcome you to the final edition of the newsletter as we reach the end of the 2022-2023 term and the beginning of the 2023-2024 term. As the first day of the new school year 2023 is in six days, I hope you're all excited and ready to get started packing for the three days & nights of the Key Club filled fun! BEE sure to check out the District Board DCON Instagram Page, @cnh_dcon, to get the most up to date information.

My final farewell... With the ridiculous amount of time spent, thousands of photos taken, memories made, and so much more, I can't think of this term as irreplaceable. It has been an honor serving as your District News Editor for the past three years. I've met so many new people and made so many unforgettable memories with

to my readers, IP DTE & DTREAS Ashlyn Wong, District News Editor Joanne Do, and CM Amber Zhao: I am so grateful that I got to work with the best of you three. You three are definitely some of my favorites today and I can't express how glad I am to have you guys. **Ashlyn and Helena,** I had the honor of having you two in my teams last term. The fact that you two wear your golden ties for the first time at Spring Board Training Conference, I am so proud of you. We were bound to do amazing things this year. Just a few months ago, the three of us were hanging together and checking for the term '22-'23 announcement email hourly. Even though meeting you only this year, you have made such a difference. You're able to easily light up an area with your artwork, passion, hard work, and so much more. **To our newest Digital Editor Ivan Del Rio:** You're insanely talented. You had the most interesting bee related features, and basically everything, I'm impressed with what you were able to bring to the table within your three months.

To my mentors, Mr. Roberson, Mr. Chang, and my IP, Vic: Thank you all for your patience throughout the terms I served on District Board. From the new memories created and skills I learned, I never would be able to thank you three enough for all that you three have done for me. I'm so grateful to have had a team of such amazing mentors that I could rely on for advice and basically everything. :)

To the incredible Leadership Team: It has been an absolute pleasure working with you all <3. You guys have always been the highlights of my RTC experiences, Fall Rallies, and all the games the District Board forced us into. I hope one day we'll all cross paths again one day. LOVE YOU KIDDOS :)

To Tiffany Yeung, Gina Chiu, Brian Phan, and Aaron Wong: Thank you for being my dream group of individuals that I've always wished for ever since my freshman year. I had the honor of watching all four of you start your Key Club journeys and I can't wait to see what you all do in the future <3.

To my lovely supporters: HELLO AND THANK YOU! Thank you all for sticking with me this entire term, it's been an honor being a part of your monthly routine. Even though this is the last newsletter of this term, I hope you are ready for the NEXT VOLUME of the District Newsletter coming this June!

For the last time ever of this term, I hope you enjoy this edition of The Bumble Times: Sea of Service.

DISTRICT GOVERNOR

What's UP CNH!

It has been my greatest honor to not only serve you all as a District Executive for this past term, but to have been a part of this wonderful family for the last several years. Most times, I still feel like that freshman Ashley, on that first day at a new school, who, while nervously looking around at unfamiliar faces, blinked and one day – was all grown up.

I have too many people to say goodbye to in this farewell message. From my home club, to my division – to my advisors and my district board – thank you for taking part in my Key Club story and journey. Each and every one of you have had a profound impact on me – and I am a better leader, student, and person because of it.

To my Key Clubbers, thank you for being who you are – dedicated, passionate members of your community and brave leaders with the capacity to change the world. You are the backbone of this district and this organization, and without you to complete us, we would not be the California-Nevada-Hawaii District we are today.

I hope you all had a wonderful term – I know I did.

**SERVING TO CLOUD 9,

DISTRICT TREASURER

What's Buzzin' CNH?!

It has been an honor to serve as your District Treasurer for the past few months, as well as your District Technology Editor for the beginning of the 2022-2023 term. Serving on the District Board and Kiwanis organization as a whole has truly shaped me into the person I am today, and I am forever grateful for the memories and friends I've made over the past four years.

Thank you to my District Technology Team, Leadership Team, and the Executives for being my support system throughout the past year. Special shoutout to the Digital Leaders (and Mr. Chang) for being the absolute best team I could have asked for. I cannot explain in words how deeply indebted I am to the three of you, and I am beyond thankful I can call you some of my closest friends.

We were able to accomplish so much together as a District this term, raising over \$120,000 for our preferred charities. I commend you all for the hard work, passion, and dedication that you have demonstrated.

Thank you for allowing me to serve you, and goodbye CNH! Forever Shining with Service, Buzzing Digitally, and

Buzz Buzz CNH!

Although this is only my second newsletter message to you all this term, it is also my last. Reflecting on this past term, I am proud of each and every one of you for all your hard work. It has been an immense honor to serve you all, even if it was just for a few months.

Whether you are new to Key Club or at the end of your journey, thank you for contributing to this amazing term. You all have worked so hard to make every minute of service meaningful, and I am grateful to work alongside all of you. We have filled this term with happy memories and great friends, and this past year is memorable because of all of you and the effort you have put into it.

With all things considered, I am excited about the ending of the term, although it is a bit bittersweet. Nevertheless, I hope to see you all at District Convention 2023: Sea of Service to sail into the new term with strength and hope.

You are all capable of doing great things, and I cannot wait to end on this great journey together.

HELLO CNH,

I cannot believe that our term, my key club journey is nearing its end. Serving as the Member Recognition Chair this year, words can't express my gratitude for being given this opportunity to make a positive impact on our district, to work with exceptional student leaders, and learn from the best of mentors, Mrs. Masuhara. POLICIES, INT'L BUSINESS, & ELECTIONS CHAIR

Hello hello, busy bees!

Just two years ago, Key Club was entirely virtual—DCMs over Zoom, online service events, you know the drill—and yet look at where we are now. In-person activities have resumed, connections with our communities have been reforged, and our spirit is shining brighter

than ever. This growth is a testament to the strength of our beautiful ohana.

Before the term ends, I would like to thank a few very special individuals. Thank you to the PIE Committee for supporting me endlessly, the immediate past and current Region 9 Team for being my home away from home, Region Advisor Victor Chan for being my number one supporter, Mentor Mrs. Qualm for answering my never-ending questions, the Leadership Team for pushing through thick and thin together, and Division 8 for being the heart of my Key Club journey. And of course, I cannot forget Aimee, Katie, Yuna, Sophia, and Arushi who pushed me to join Key Club in the first place.

I am infinitely grateful to have been able to call Key Club my family and serve alongside you for the past four years. I cannot wait to see our ohana continue to grow. Thank you, irreplaceaBEEES!

MAJOR EMPHASIS

In 1946, the organization was challenged to build a program to bring together all Key Clubs and members to focus energies on making an international impact. This program is still followed today through the Major Emphasis: Children: Their Future, Our Focus.

To fulfill the Major Emphasis, Key Club International serves children in many ways. By working with Key Club International's partner organizations, Key Clubs serve children by aiding other organizations committed to serving children. Key Club International celebrates its three partnerships: UNICEF, March of Dimes, and Children's Miracle Network.

The Key Club service initiative is another element of the Major Emphasis and is created on a two-year basis. All of the hands-on service provided to children by Key Club International members is directed to a single area of need, to make a substantial impact.

Thank you for an awesome year with the DVMT! I am honored to have been a part of the team for this term, and I've loved collaborating on creative projects with all of our fellow cheesecats! I wanted to especially thank Helena—thank you for being an amazing DVME, you are so dedicated and compassionate for your job, and we love you so much! With the DVMT, I've learned how to create GIFs and little animations, illustrate backgrounds, and design many silly lil bees—I hope they have spread a little ounce of happiness and love to you all! I've gained a lot of strength, Key Club spirit, and artistic skills from collaborating with my fellow cheese cats, so I want to give a special thank you to all our amazingly talented members as well. :) Once again, thank you CNH for giving me this opportunity, and I can't wait to see what this team does in the future! It is so crazy how fast the months pass by and it feels a bit bittersweet how this chapter is ending. I am so grateful to have met people who are so talented that it blows my mind! When I joined Key Club in my freshman year, I never knew it would hold such a huge place in my heart. Being part of the DVMT throughout this Key Club term has truly been life changing. I've had the opportunity to speak with and collaborate with so many other amazing, passionate people, and I wouldn't trade these experiences for the world. I've learned so much about Key Club and about video editing/visual media through this position, and I would like to thank CNH, especially our DVME, Helena, for providing me with this opportunity. I could not be more grateful for her and her compassion and understanding, and for having been able to spend this term as a DVMT member. I'm so incredibly proud to have served my division, region, and district in this way. I have one year left in my Key Club journey, so hopefully we can make it count. TO THE MOST DEVOUT RHINOS: I want to express my gratitude for using your horn to get me into Key Club and keep me there for the entire three years. I'm hoping this past term was as amazing for you as it was for me. Keep charging into service, rhinos! TO ALL OF YOU INCREDIBLY TALENTED CHEESE CATS: I'm beyond grateful to have had the chance to collaborate and create connections with you all during the past TWO years of being in DVMT. Some people may never understand how you can get so close to somebody you only interact with sometimes over the course of months online, but for us, it was never difficult. I cherish each and every one of you. One of the best opportunities I had while in Key Club was to go to Six Flags for the first time and enjoy Fall Rally South. I met the most lovely people who are equally delighted to be there with me. I want to experience the cheers and excitement of the district chants, as we battled for the Fall Rally Spirit Stick. I'm glad for all the service and commitment I've given to Key Club. I can't express my gratitude to everyone enough for the effort and commitment you have all shown during the term. I'm incredibly appreciative of all the work DVMT Cheese Cats did to make the CNH Key Club's year enjoyable and meaningful! This term has been overflowing of laughs, stress, tears, mistakes, but most of all growth. Since I'll be attending college, studying computer science, while continuing my dedication to film, video editing, and joining Circle K, I doubt I'll run into anyone. Even so, I do hope that one day we all cross paths and can say our goodbyes in person. You guys made DVMT feel like a second family where I could be myself, and I won't ever forget that. I learned so many new things in video editing, Key Club, and people. Good luck to everyone in the upcoming term and thanks for your efforts. It has been an honor to buzz into service.

Hi CNH!!! I can't believe this term is already coming to an end. It all felt like yesterday, when I attended my first Key club meeting two years ago. With the honor of being a part of the DTT, this year has been such a momentous and amazing experience. I have made so many new friends, and grew so much as an individual. My only regret is not having been a part of this wonderful community earlier. I may be graduating this year, but I wish only the best for next term's bees!! <3

Time flies when you're having fun. Or in my case, when you get the opportunity to design 12 newsletters, spend 2 hours laughing at one of your first online DCMs, raise 100,000 grains of rice for people in need, lead your very own club committee, drink boba right before your Lieutenant Governor speech, be elected President, face your rollercoaster fear at Fall Rally, and be selected for the District Tech Team after two years of applying. Key Club has made the last 4 years of high school stupendous. And if you're reading this, I know from experience that you are either currently having all this fun, or you will soon. My advice for you is 1) to never be afraid to make your own path, as long as you know it will help someone in need, 2) talk to everyone you see at Key Club events, because it never hurts to make new friends, and 3) don't afraid to be stupendous ;)

CNH!! This term has gone by incredibly fast, but I'm grateful to have had the opportunity to serve you as our District Technology Team Secretary. This year really began as a rough one, full of ups and downs learning how to adapt properly. However, it was a term of friendships, bonding, and learning! Thank you so much to CNH DTT for having made this such a memorable and unforgettable experience and for challenging and inspiring me. Whether it was our long nights or our monthly tasks, I will cherish these memories forever. With that said, I wish you all an amazing rest of the term, and I am beyond excited to see what our CNH will accomplish next year!

CNH! It is truly astonishing how far our district has come from our homes, schools, and communities. The district has given me and other members with so many opportunities to learn, meet dedicated individuals, and gain valuable leadership skills. Being on the District Technology Team was a memorable and fulfilling experience and I am incredibly grateful with what we accomplished. I wish everyone the best of luck forward to seeing what CNH has in store for the next term!

Hi CNH! I cannot believe that the term and my high school Key Club journey is ending. I'm so honored that I had the opportunity to serve you all as a member of the District Technology Team for this term. I was able to work with a really talented and genuine group of people that I will forever cherish. I also had a lot of fun creating manuals, helping out with the CNH website, and creating the DCON website. An additional thank you to Ashlyn and Ivan for leading the team and making CNH strong. I cannot wait to see what all of you can accomplish in the future and I will miss this amazing community!

Hey CNH! It's been such an honor serving you on our District Technology Team this term and working alongside so many passionate and hardworking individuals. I am proud to confidently say that joining Key Club my freshmen year was one of the best decisions that I have made in high school. Key Club has opened the door to so many new opportunities for me to learn leadership skills and grow into a better person. To any Key Clubber reading this: don't be afraid to step outside your comfort zone and be more involved, you miss 100% of the shots that you don't take! I am so grateful for the countless memories and friends I have made in Key Club throughout the last few years. As this term comes to a bittersweet end, I would like to thank CNH and DTT for all the memorable experiences I've made <3

Hi CNH Bees! I honestly can't even believe that this message marks the end of term and my four year-journey in Key Club. Key Club has given me the biggest family, from the members in my home club to the amazing people I've worked with in the District Tech Team this year. Although switching to an online format during the pandemic and then back in person this year was certainly a challenge, I feel like all of us supported each other along the way - just as a family should. I can certainly say that I've become a much stronger leader and the memories that I have formed with Key Club will carry forward through the rest of my life. It has been absolutely amazing meeting thousands of other students who share my passion for community service, and I'll forever be grateful for you all! Thank you for everything Cal-NeV-Hal!

What a year! It's been a pleasure and honor to serve on the DTT 2022-2023 term. Everyone collaborated very well under the strong leadership of Ashlyn and Ivan. I'm very thankful for their insights, which brought the team through a successful term. I'm also grateful for all of Mr. Chang's support to our team (thanks for all the password resets ^^). Serving CNH as a member of the District Technology Team has given me the chance to experiment with a lot of different things during the past year.

Learning how to properly maintain a website, guiding others with my newfound knowledge in web design, and refining my time management and communication skills are all aspects of being on DTT that made the overall experience really great. The people were also a huge huge plus to this whole thing, as all of the members of DTT are very genuine and were amazing to work with. Our DTE, Ashlyn Wong, as well as all of the members, created such a comfortable and close environment despite the majority of us haven't even having heard of each other prior. Thank you to all of you who served on DTT, and I wish you the best with your future endeavors. For those who will eventually serve on the committee in the future, I know with confidence that you will have a great experience on this team because I know I for sure did!

Hello CNH Key Clubbers! It has been my pleasure to serve Division 7 West as their Lieutenant Governor for the 2022-2023 Key Club term. While there were certainly some challenges throughout the term, there were definitely a lot of awards that came with the role of being Lieutenant Governor. This term will be a time that I will always remember and it has given me the opportunity to learn more about myself and grow as not only a leader, but also a member of Key Club. I would like to thank my region team, Region 16, for making this term so memorable as well as all the other District board members for the amazing memories made throughout the term. Although my time as Lieutenant Governor of Division 7 West is coming to an end, I truly am looking forward to what the future holds for both our division and CNH Key Club!

What's Kickin' CNH BAE-BEES! I cannot express how grateful I am to have been able to serve on the District Board for the 2022-2023 term. Serving as Lieutenant Governor had to be one of the best decisions I had ever made, being able to meet various people throughout the district, to serve the people who make me the happiest, and help teach other members the importance of serving their community, what else could a ninja momma ask for :) The one thing that made me the happiest, despite all of the stress, was Key Club. If you are reading this right now, I highly suggest you take as many chances you can to be a leader. I can confidently say that I am leaving Key Club with the experience of serving for the best district in Key Club International. CNH you are powerful, unique, unstoppable, and you are irreplaceable. The experiences, the love, the friendships, the hardships, the learning, everything was irreplaceable and all I could ever wish for is to never let this feeling of home end. Thank you for being so awesome-swag-pog-sicko mode-cool.

Hi Hi CNH!
As I sit here writing this reflection, I can't help but reminisce about all the happy memories that this term has brought me. It really feels like the past year has just flown by. I'll truly miss all the wonderful Unis that were by my side. D16N, I love you with my whole heart! A big thank you to my amazing club officers, DLT, and advisors for everything. To Region 7 and my fellow region LTGs, I'm so glad to have met such wonderful friends. Being able to serve on DCON committee as D16N's LTG has been nothing short of amazing as well. I'm glad to have had the opportunity to plan the biggest CNH event alongside the best group of people. Thank you to everyone who made this term a truly special one!

Rebecca- Hello BEE-autiful CNH! It is bittersweet that my term as Lieutenant Governor is coming to an end. Thank you for expanding the love, passion, and warmth Key Club is about and encouraging peers to join this wonderful organization. I learned from my terms as a member, Vice President, and Lieutenant Governor that Key Club actually does make keys.... keys to making your dreams become a reality(that is definitely not my motto>_<). Every moment you share in this community serves as a stepping stone for you to become a better leader. Whether those moments are a learning experience or just purely joyful, you walk through the door a new person. So, my lovely BEES, take your stepping stone, fly with your passionate wings, and unlock all your dreams into becoming a reality. Continue the legacy of creating an EVERLASTING dream as I leave.

What's Hoppin CNH! I can't believe last year all of us were nervously hugging each other, waiting in line to enter the stage and get officially sworn in. This year, we're hugging each other for a whole other reason. Serving as Lt. Governor was by far the most impactful decision I made whether that be meeting the closest people I have in my life to truly seeing how service does change lives. I'm so proud of myself and for each and every one of you taking the leap to be a part of something so much bigger, to build up this community and keep it running. And as we continue to move on through the courses of our lives, I know we all can agree serving CNH will always be a memory to revisit. Irreplaceables Y'ALL ROCK! District board of 2022-2023 is literally invincible and we know it. From me to you, take care of yourself and treat every day forward with newfound confidence to continue to lead. I know we can't let all these good skills we've acquired go to waste. Don't let this be the last opportunity you take, but rather the one that has opened the door to a whole other realm for you to define being a servant leader. L-O-V-E I LOVE MY IRREPLACEABLES!!

**D30S Lt. Governor
Austin Alves**

Hello CNH!
My name is Austin Alves, and I am Division 30 South's LTG for the remainder of the '22 - '23 term as well as the '23-'24 term! I am a sophomore from Whitney High School in Southern California. Although I haven't been on District Board for a long time, I have already seen how it's a very warm and welcoming environment! Seeing everyone's efforts to end the term strong and the level of collaboration and cooperation during the emergency elections is very inspiring. With the end of the term drawing near, I would like to remind everyone to stay positive and continue working hard! Instead of focusing on the past, we should be helping out our clubs to create a smooth transition into the next term. By not just reinforcing our core values to the members, but also embracing them ourselves, we will definitely be able to stay motivated and achieve a brighter future for Key Club!

**D28E Lt. Governor
TC Fuel**

Thank you all for your time CNH! My time as Lieutenant Governor for this term was short, but I had a great time nonetheless. I would like to thank everyone that welcomed me with open arms, as the support was much needed. I would also like to thank all of those on my region team. They truly made me feel like I was one of them even though I came in partway through the term. They boosted my confidence and helped me grow as a person. Thank you. Lastly, I would like to thank my division. It is not easy to transition from Lieutenant Governors in the middle of a term, but they did so with much grace. They have supported me throughout the transition and made the whole process much easier, thank you. This experience has taught me many things, and I am looking forward to the future and next term.

What's poppin CNH? It has truly been an honor to serve as Division 34 North's Lieutenant Governor for the past term. Thank you to all of the Aqua Apes as well as other Key Clubbers for making me feel so welcomed and loved throughout the term. To my region team, thank you for being my emotional rock throughout all of the hard times this year, nobody gets me like you! - Sza. To all of the other LTGs I've met, you guys are the coolest people I know and I know you are all going to do great things in the future. I have learned so much about myself and how I interact with others serving as Lieutenant Governor and I'm so eternally grateful for the growth this experience has allowed me to have. I truly will never forget this experience and would have done it all over again if I had the chance. I love this club and my farewell is filled with bittersweet feelings. .

I have grown as a person in ways I would never have imagined so with the most sincerity in my heart, thank you for being a part of it. My region team, my division, my district board friends, I love you all. All of them have made my experience all the better and without them, I don't think I would have had as much fun as I did. Thinking about it being over makes my heart ache but I know that in the end, this was all worth it. To my MDE Committee, it was my distinct pleasure to serve you and to watch you all develop and grow as young leaders as you worked hard this year to provide the CNH District with eye-catching, informational, and creative educational materials to help guide them in their journeys in servant leadership. I couldn't be more proud as a mentor to see a group of inspiring young people work together with the same unified fusion and drip as a mochi donut. You slayed it MDE! I'm shook. Periodt.

To the most amazing committee in CNH, thank you for all the wonderful memories we have made together-it's truly been an honor to serve with you all. From awkwardly eating mochi donuts to trying to keep our voices down during Secret Santa, I can confidently say that I found a home within MDE. To Josh, thank you for being the best chair that there is and it goes without a doubt that our committee wouldn't have been able to be so comfortable with each other if it wasn't for your warm and caring presence. Buzz Buzz CNH!

I remember it like it was yesterday, where my first leadership position was a Bulletin Editor for my home club, fast forward 3 years and I was given the opportunity to serve on the Communications and Marketing Committee; still making graphics, it truly is a full circle moment for me! Being able to be a part of an organization such as CNH and bringing brightness to members has been an irreplaceable memory of my high school career. Thank you to my fellow LTGs on CM and CM Chair Amber Zhao for making my Key Club journey even more amazing! <3

KFF Meeting Outside of the District Office at night

I am truly grateful for the invaluable opportunity to have served D27N and the CNH District as a Lieutenant Governor. There've been so many new experiences: I flew on an airplane for the first time, I gave an Invocation speech for the District Board, I've established so many new connections with Key Clubbers, Kiwanians and community members; the list is actually endless and would fill up pages. Serving on the KFF Committee has allowed me to further educate myself and members about the K-Family and I am grateful for an amazing team of LTGs and a wonderful chair and mentor!

It was such an honor and truly fun opportunity to be a part of the KFF committee, and it was even more of an honor to do it under Alyssa!! Great job to everyone and all of their hard work throughout the term! None of the great work done by the KFF committee could have been possible if it wasn't for everyone's devotion to Key Club and the Kiwanis branches!

Buzz Buzz, Bad Bees! What a year it has been...I truly could never ask for a better committee. The relationships and the memories I have made with KFF have made this term my most memorable year of Key Club yet-- from shouting "You just got DEKINED" at Summer Olympics to guessing each other's MBTs at Winter Board. I am so grateful to have been given such a hardworking, tight-knit, supportive, and hilarious committee of Kid-Friendly Fries. I am beyond proud of what we have accomplished; no matter what, we got the job done. There's no doubt that the 2022-2023 KFF Committee has made history! - Sending lots of love, Alyssa Kline

You are all such unforgettable, beautiful leaders and I cannot wait to see how far all of you will go in each of your adventures. Committee meeting in outside in the dark at SubTC. Alyssa blasted us like Eleven from Stranger Things, ate snacks, and drew silly pictures of everyone.

Kid Friendly Fries was the name we chose for our committee acronym, and although some of us were reluctant to it at first, we all learned to love everyone within our family of fries. I've learned so much information about the different Kiwanis Family House branches and its projects, all of which I've brought back to the members I serve within Division 7 North. This has been an amazing opportunity in which both my members and myself have learned more about the Ohana within CNH.

Hello CNH! Over the past term, it has been an incredible honor to serve on the Kiwanis Family and Foundation Committee alongside all of these wonderful humans. From creating fun videos and web guides on how to contribute to preferred charities to spending time going over tasks during committee meetings, I've enjoyed it all. Although it's a little bittersweet saying goodbye to everyone, I feel content knowing that our work helped officers and members across the district get a little closer to the K family — I'm so proud of everything we have accomplished together. My name is Athena Tan and I proudly serve the fiery dragons of Division 4 West. As the term ends I've been reflecting on not only this term, but all the terms that completed my high school years. There have been many leaders that circle in and out, and many members that have done the same. Despite this, we are all kept together with the memories that we've made throughout our time here in this organization. The laughs that were shared during events, or even the stress that we all shouldered are things that I will never forget. I'm very appreciative to have been able to serve as Lieutenant Governor for such an amazing division and district, and of course I'm also so proud to have served the Member Recognition committee. I hope all of you the best of luck in the future and continue to serve passionately.

I've had the honor of serving on the Member Recognition Committee, and I am proud of how much we have grown together, how much we have accomplished, and how much we have impacted our community. As a committee, we've created so many memories at Training Conferences, from beating the adults at olympics to stealing white elephant gifts. Working collaboratively and sharing ideas, we've created positive changes to assist and encourage members, officers, and advisors to apply for division and district contests. Every moment that I've shared with CNH will be my Key Club moment that I will cherish for the rest of my life. As sad as retirement may be, I thank you all for everything, and I can't wait to see the district grow even more.

What's Poppin' CNH!

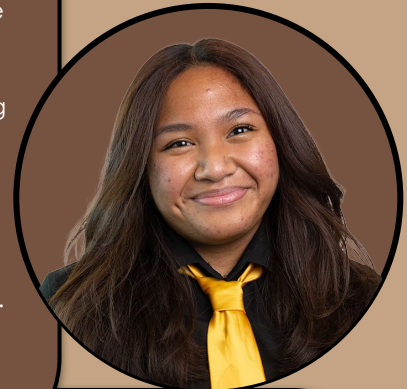

I've been so privileged and honored to have served as one of your District Board Members during my last term in Key Club. It's a bittersweet moment, as we see this term come to an end. For us seniors, it's our last part of our journey in this wonderful club. I will most definitely miss the memories and moments that this club has given me. I'd like to give a huge thank you to my Kiwanis Advisor, Mr. Marek LeBlanc, who has been my rock throughout my entire Key Club journey. He has helped me grow as a leader and a person, and truly touched my heart with his empathy and kindness. I'd also like to thank my Service Projects Committee for being such a guiding force in the CNH District, planning out and helping members with what we essentially do as Key Clubbers: service. I'd like to thank the LTG's and leaders in Region 13, for being such an amazing support team. And I am so thankful and beyond honored to have served my beautiful pink and blue mantas in Division 15 East. I am forever yours in service.

Hello CNH!

It's finally the end of the term! 2022-2023 has been an unforgettable term, and I am so honored to have served CNH and Division 44 West as Lieutenant Governor.

I remember being installed at DCON— to now reminiscing on the term and all of its ups and downs. From having the responsibility and honor to represent the Key Clubs of Greater Sacramento, to the fun memories of playing Among-Us with the Service Projects Committee, I am sad to say goodbye. Yet, I am excited for what the future of CNH and D44W holds: building off of the strong service-oriented organization that Key Club has grown into. Lastly, I want to say thank you so much to the CNH District Board and Service Projects Committee (GO SPI!) for the support you have given me, and amazing memories we have made together. I will never forget the amazing experiences and impactful work that Key Club has enabled me to be a part of.

VALENTINE'S GRAMS

**Jacklyne Phan | Division 12 South,
Evergreen Valley High School**

The valentines gram fundy was an extremely fun and memorable event for me. Although it is an annual EVKC event, every year is a different experience that equally brings lots of heartwarming surprises and enjoyment to me. Working alongside my lovely officers from putting together event to carrying the event out, we were happy and relieved in the end because the event turned out great. Watching as the members purchase valentine grams and write the personalized for the people they love, it made me personally feel even more grateful because I, an officer was able to take part in someone's expression of affection for another person by delivering the gram in person for them. Every part of it was a favorite, but if I had to choose one it would still be probably delivering the grams to the person. Knocking on classroom doors and carrying boxes and boxes of teddy bear chocolate roses, it was exciting stepping into each classroom and reading out the names of the person who received a gram. Their joyful and shocked faces always make me giggle, but at the same time I am happy to see them receive affection on the day of love; Valentine's Day!

LANTERN FESTIVAL

Sam Bohol | Division 15 South, Eleanor Roosevelt High School

During the month of February, Eleanor Roosevelt's Key Club volunteered at Eastvale's Lantern Festival! This event was held to celebrate the recent holiday of the Lantern Festival in our city! It was their first lantern festival held, and the officers and members had helped with the arts and crafts, set up, and cleaned up the festival! On February 16th and 17th, ten to fifteen members and officers helped load and load off the items for the festival onto the truck. In addition to some members filling up sandbags and cleaning up the safety cones used for the event. The actual festival days were February 18th and 19th. Our volunteers had helped run the arts and crafts booth, which had given out stickers, fortune tellers, and rabbit hats! The officers would like to thank these members for their hard work cleaning up the event: Keith Garcia, Jeremy Liu, Elsie Ehrenberg, Robert Flores, Derrick Do, and Nick Walter! We would also like to thank the City of Eastvale, Cynthia, and Amanda for inviting and supervising us during the event!
