I still remember my first Convention four years ago and the unforgettable memories made throughout that weekend. Whether this is your first Convention or your last, I encourage you to step out of your comfort zone and seize every opportunity to create lasting moments and develop your leadership this weekend.

To those who are Delegates, congratulations! You have been given the incredible privilege of deciding the 2022-2023 leaders for the California-Nevada-Hawaii District. Candidates Color Key

Governor: Yellow

Secretary: Purple

Treasurer: Green

International Endorsement: Blue

To help you identify the office that each candidate is running for, the colors on the left have been assigned to each position. Be on the lookout for these specific colors during Candidate Meet and Greet and Caucus Session!

Candidate Meet and Greet

Friday, April 1st | 2:30 PM - 5:15 PM | Grand Salon

As a delegate, it is highly recommended to attend Candidate Meet and Greet. Candidate Meet and Greet is an important part of the election process. Here, you will be able to personally talk to each of the candidates running for the Executive positions and International Endorsement. Use this time to learn more about their platforms, ask questions, and get to know each of the candidates before casting your ballot during House of Delegates. Remember, an educated delegate is an effective delegate, so use this opportunity to your advantage!

Delegate Registration

Please note that if your club has not registered one to two delegates online, you are still eligible to register on-side at the Delegate Registration Booth located in the **Grand Salon**.

On the Friday of Convention Registration, there is a separate registration booth for delegates. It is organized by the name of the club. Delegates must be present at registration to receive their delegate wristband and printed booklet.

If chosen, please do your best to represent the views of your club, and most importantly, your members, when considering candidate selections and bylaw resolutions.

What is Caucus? Caucus is a session in which each District and International candidate is given a set amount of time to give a brief speech that details their goals and qualifications. It is followed a round of questions from delegates that candidates answer.

Caucus and Moderators: Caucus will be held in Reno Ballroom. It is advised that you arrive early as the session will promptly begin at 8:00 AM. The Policy, International Business, & Elections Chair will serve as the caucus moderator while the District Governor will serve as the assistant caucus moderator. The PIE

Committee Mentor will serve as the adult moderator to help the PIE Chair keep order. These moderators will time the candidates and deem which questions are appropriate or not, based upon whether the question is in bad taste or of a harassing nature.

Candidates: All candidates running for District office or International Endorsement will appear in the Caucus Session and the timer will begin when their appointed time is scheduled.

Etiquette: The candidates are not to be touched, asked to ingest any material or asked to partake in any behavior that is in poor taste. No objects may be thrown or propelled by any means in the Caucus rooms. Rude behavior will not be tolerated. Persons are not allowed to enter or leave the room while candidates are present.

Procedure: Each club is allowed up to two delegates, who must be registered prior to the House of Delegates. The House of Delegates members will listen to the candidates' final statements and answers to questions from each of the current Executives and vote by ballot for the candidate of their choice.

Purpose: The House of Delegates provides a forum for the candidates for each office to present their final message to the District delegates, and where delegates vote for each position. This is where the delegates will give their final vote!

After the Governor convenes the House, delegate entry and exit will only be allowed during periods between candidate presentations.

Candidates: If there are more than two candidates for an office or more than four seeking endorsement, then a Nominating Conference will be conducted. After the Nominating Conference, two (2) final Executive candidates and up to three (3) endorsement candidates will appear on the final ballot.

No cell phone or any other electronic device usage is permitted during House of Delegates.

Nomination Conference: If this is necessary, the candidates will be introduced to the conference and voted on in the following order: Governor, Secretary, Treasurer, and International Endorsement. There will be no speeches or questions. Results will be announced prior to the closing of this session.

International Endorsement: International rules state that "a district shall endorse not more than one candidate for the office of President or Vice-President, and two candidates for the office of Trustee." If there is only one candidate for endorsement, delegates are to choose whether to vote "yes" to endorsing the candidates or voting "no" to not endorsing the candidates.

Spectators: A spectator section, separate from the delegate seating area, for non-delegate members and adult chaperones will be provided. Spectators may not sit with or talk to the delegates, nor take part in the process. Silence must be observed at all times. Entry and exit of spectators will only be allowed during periods between candidate presentations.

Election Results: The results of the ballot voting will be announced during the Saturday evening at Third General Session.

What makes you stand out as a candidate for the respective position that you are running for?

My passion for improvement is unmatched - whether it be on the Club, Division, or District level. Throughout my time in Key Club, I have seen so many dedicated members and officers, all of whom inspire me to improve our ohana to be the best that it can be. To me, Key Club is a fountain of potential, and I plan to tap into this with the most fervent genuinity in serving and improving the community on a larger scale. It is with this unfaltering passion for Key Club and its members that I know I will be able to pour all my love into serving our District in the best way I can. Serving on the Division and District level as a Lt. Governor has allowed me to witness all the different avenues in which Key Club reaches members of the community, from the shyest of high schoolers simply looking for a place to channel their passion, to the loudest of teens who want to direct their voices towards something more. As Division 04 West Lt. Governor, I continuously strive to connect members, and guide them to discover their purpose and passion within the community - fostering a safe haven where they are able to express their opinions, ask constructive questions, and make the mistakes that aid them in reaching their full potential as leaders and

people. Throughout my time serving this organization, I have never halted trying to improve myself, my community, and the experiences of our members, as we venture through our Key Club journeys seeking for ways we can create change and enrich our homes - with just one event, one fundraiser, or one interaction. We all start off as general members, who were encompassed by encouraging words and subtle pushes by those who saw potential in us - and as District Governor, my greatest hope is to help impact each member in a way that leaves them with the passion for Key Club that burns in us all.

What was the most meaningful experience of service that you have experienced in Key Club? What made it so?

My most meaningful contribution of service in CNH Key Club was at one of the first events I attended as Lt. Governor - Marina Key Club's Anaheim Children's Art Day. At this local art fair, I spent the morning setting up booths and coordinating location registration for just a few of the dozens of organizations that would host activities for the underprivileged children of the community. At 10:00 AM, when hundreds of children began walking in with their parents, waiting for a chance to play with tinker toys or chalk the ground with inspiring messages - I realized the immense impact that each one of these booths had on these children's lives, and how Key Club was fortunate enough to help them. As I moved on to provide assistance to the tinker toys booth, I came across a set of twins, both of whom were incredibly curious to learn and continuously asked me to teach them how to build a bike. Disassembling my own bike and rebuilding it alongside these two children opened my eyes to the small actions that provide the biggest impact- a lesson I carried with me throughout my term as Lt. Governor, and will continue to hold close to my heart throughout the rest of my Key Club journey. Seeing my simple action of starting from the beginning and leading the boys by example is an act I realized was reflected in all of my leadership as Lt. Governor, and is what gives me the greatest joy of connecting with the members and calling myself a Key Clubber. Of all the organizations available to high school students, Key Club cultivates the most direct impact to our community, and snapping two photos with those twins that day opened my heart to the boundless amounts of joy that we could give. It is with this in mind that I have the honor of running for District Governor, with the hope that I will be able to impact our home, school, and community on a larger scale, to reach more than one community, and foster leaders who touch the lives of countless others just like those two boys asking how to build a bike.

What makes you stand out as a candidate for the respective position that you are running for?

My passion and genuine want to help others and grow this organization is what sets me apart from all the other candidates. Ever since attending my first Key Club meeting, I knew that Key Club was the place for me. It felt familiar and welcoming and ultimately, I knew that no other club would have my heart the way Key Club does. This passion has since led me to take on many roles and gain different experiences as well. Whether it be serving as my home club's Secretary and Division Executive Assistant at the same time, I acquired the knowledge on how to take on a supporting position as well as extensive knowledge of the Monthly Report Form. Or serving as Lieutenant Governor to Division 35 West, I learned how to be a liaison between members, the division, and CNH District. Said opportunities to serve in such a position have granted me a great amount of knowledge when it comes to the ins and outs of Key Club. It is through this knowledge that I have also learned the weak and strong points of CNH. I've noticed our lack of accessibility and loss of touch in communicating with members. Members

are what make and shape this organization's Key Club and it is crucial that we strengthen our relationship with them. I believe through my extensive ideas we will be able to creatively reinforce the most valuable individuals in our inverted pyramid. It is because of this organization that I have changed from someone who was once timid to an extroverted leader. A person who has put their mind and heart into something will continue to do so. Such can be seen through my extensive work in each of my held positions but also the legacy I've left behind for those after me. Key Club has already given so much to me and I plan to do the very same with my passion and flame for Key Club. A flame that despite rain or shine will continue to brightly light in the midst of it all.

What is your most meaningful contribution of service in CNH Key Club? What made it so?

I can still remember the smell of E9000 glue encompassing my entire room. It had gotten so bad that I had to light a candle and wear a mask. Yet I was determined to turn a red felt circle into a rose. In the 2019-2020 term at the peak of COVID-19 Division 35 East, Division 35 West, and Goldstone KIWINS' had collaborated in a project with an organization called River of Roses. The motivation behind such a project was to make felt roses to honor those lives lost to COVID-19. I watched as the leader of the project explained the meaning behind the project and felt myself at the brink of tears. Previous times I had contributed to service it was either helping pick up trash at the side of the road or volunteering at a booth. Granted such acts are great contributions to our community yet River of Roses felt different. It was my first time participating in an event that was meant to help strengthen and honor our community during hardship. As I took a step back from my desk from the 100+ roses I made, it warmed my heart to think about what I had just completed. Doing such while also being surrounded by the Kiwanis Family made me realize how great this organization was. Such contribution not only strengthened my love for service but made me realize that not even a global pandemic or the smell of E9000 glue could stop me or Key Clubbers from wanting to help and better our community.

What makes you stand out as a candidate for the respective position that you are running for?
If you ask any writer what the writing process is- they will tell you that it is 10% writing, and 90% receiving feedback, revising, and editing to perfect your work. As a current student at the Orange County School of the Arts under the Creative Writing Conservatory, this is a process that I have become well acquainted with- and one that I have come to love. This inherent writer quality has translated into all areas of my life, including Key Club. Still, what enforces Key Club to have an even bigger presence in my life is seeing the direct impact my work can have on the world around me- whether it's through the smile of one person or seeing a beach become free of trash within the span of just a few hours. Key Club has emerged to be one of the most important things in my life that I dedicate my time, energy, and creativity to. As a District Officer, this passion I have for

this organization would only grow, coupled with my willingness to continue to grow to be the best leader I could be for YOU, is what truly sets me apart from the other candidates for District Secretary. Additionally, my leadership experiences in Key Club, such as being a Club President or the Membership Development and Education, show how my Key Club journey has helped me to develop a nuanced understanding of this organization at every level. From engaging in active feedback with officers at the club level through Monthly Report Form training sessions and holding Region Core calls at the beginning of every quarter, I will continue to engage at all levels to unite our district on the path towards improvement. I hold an unrivaled capacity for dedication to directly address and solve the ongoing problems in our district and intend to not only work for you all but to work WITH you.

What is your most meaningful contribution of service in CNH Key Club? What made it so?
Key Club first came into my life by tagging along at the heels of my brother's feet, who stumbled into our home at midnight after his fall rally with cracks in his voice, soreness in his legs, and a smile on his face amongst the purple glitter and paint. From there, it began slowly creeping more and more, bringing with it several bags of luggage- each of varying size and weights- holding different, but equally noteworthy moments in time. And of course, there was also one that contained the most meaningful contribution of service that made me realize what Key Club truly was at its core. In my freshman year, my club had arranged a service event at a retirement home, where we would be in charge of decorating a mural in one of the rooms. My fellow members and I spent hours furrowing our eyebrows and biting the sides of our cheeks in concentration as we got lost in our work. Once we had finished, we took a step back, rubbing our sore arms and rolling out the cricks in our neck, as we watched the residents of the retirement home file in. Despite being an avid writer, I still, to this day, cannot find the right words to describe the way their faces brightened upon seeing our service project. They began pointing out certain parts of the mural and told us stories about their lives that were rich in memory and lessons. It was not only realizing that I had the potential to bring moments like these to other people through Key Club that convinced me that this was where I belong- but rather the realization that there were so many moments like that I could live through if I stayed. This, I believe, is a key reason as to why we are all in Key Club- to incite positive change through making fleeting moments last for as long as they could. Looking at my Key Club journey thus far, I have realized that I have yet to go through all of these bags of luggage holding special capsules of time, but I am sure that there are still so many of these joyous moments to come and experience that we can go through together.

Katrina Liang

for CNH district secretary

Hello, my name is Katrina Liang and I have the greatest honor of running to **BEE YOUR next District Secretary**. Ever since joining Key Club, I have been infatuated with every aspect. Key Club has slowly become intertwined into my life causing me to have even **DREAMt** about Key Club. As District Secretary, I hope to show you my goals and aspirations, and with you, I hope to **DREAM** to greater heights.

“CNH, together we can make our DREAMs a reality!”

Direct

It is no new fact that there is a strain when it comes to the relationship between the District and its members. I plan to bridge this gap by implementing the use of new DIRECT communication ways, like the creation of a District-wide Discord, Region Core Calls, and reintroduction of the District Pen Pal system.

Recognize

CNH has been known for being a huge District filled with amazing and passionate members. However many times said members' efforts may go unnoticed. I plan to change this by monthly RECOGNIZING unique service projects, service hours amount, and growth of individual clubs in the District throughout the term. As well as creating an award to highlight Divisions that have a Division Secretary.

Everyone

Key Club has always strived on creating an inclusive environment for EVERYONE. However, there are still many aspects of it that are not. One way I plan to create a more inclusive District is through the promotion of not only in-person but also online ones. Allowing for those who may not be physically or financially to be able to attend service events and still be able to contribute and make a difference in their community.

Aspirations

A widely known fact throughout the CNH District is that there has been a decline in contribution to service. I plan to help you find your ASPIRATIONS in not only service but in Key Club as well. Whether through a District-wide service project or by building upon the aspects of Key Club that you love, I promise to help either continue your spark for Key Club or rekindle your love for this great organization.

Motivate

Throughout this term, we will face obstacles and challenges. However, I will be there every step of the way to guide and MOTIVATE you. Whether it be through the release of different and accessible materials all throughout the term or simply with encouraging messages and affirmations. I will be here to support you every step of the way.

Why are you running for this particular office and how can you strengthen and influence the CNH District?

My dedication and heart are what makes me stand out compared to all of the other candidates running for District Treasurer. Ever since I was a kid I have made it my mission to help as many people as possible. I would constantly go from person to person asking if they needed help with anything or if there was anything I could do for them because I loved doing it. This continued on for many years and after a fateful encounter at an Orthodontics Center, my view on the act of service was changed forever. I was only in sixth grade at the time and I was interning at a local Orthodontics Center. I asked my mentor why he became an orthodontist and he said, "When you are a doctor, you can heal someone's leg, but as an orthodontist you can permanently impact someone's life for the better by fixing their smile". I have always held those words close to my heart and since that day my passion for service bloomed. It really made me want to help others and serve my community even more and was one of the reasons why I decided to join Key Club. As a Key Clubber I have been driven by what my orthodontist said to me and my passion has never died out. I have continued to

serve the world for about 3 years now as a part of the Kiwanis Family and my dedication towards bettering the lives of other people has never waived. As District Treasurer I can use this passion and the extensive knowledge I have of the dues payment system and the Membership Update Center to ensure all clubs have a smooth dues payment process. Additionally, my dedication will allow me to brainstorm new and creative ways to generate funds for not only the Pediatric Trauma Program, but for all of our preferred charities and partners. I believe that my passion and dedication to putting a smile on people's faces sets me apart from the other candidates for the office of District Treasurer and I hope you will give me the opportunity to make people smile across CNH and the world.

What was the most meaningful experience of service that you have experienced in Key Club? What made it so?

There have been a multitude of service events that I have attended in the last three years as a member of the Kiwanis Family. Each one has refilled me with a passion for service but if I were to pick the one that had the biggest impact on me I would pick the Rose River Project. Last year during the 2020 to 2021 term I had the opportunity to participate in this project during our December DCM. I thought it was just another ordinary Saturday, but my outlook on service was changed once again that afternoon. Each rose folded as a part of the project represented one life lost to COVID-19. These roses were put on display at attractions and landmarks. It was truly inspiring to see how many people within the Kiwanis family logged into the Zoom that afternoon to help the organization with their goal of folding over 200,000 roses. I saw fellow Key Clubbers, KIWIN'S, and Kiwanis members on the Zoom, all with one purpose in mind; to help honor those who had passed on due to COVID-19. We labored for hours on the Zoom call to make sure that every single rose was made and I remember that even after the event I continued to create roses to ensure that the Rose River Memorial would have enough roses to accurately depict the devastating effects COVID-19 left on the world. Soon after all the roses had been collected, we were able to watch the very first memorial. We watched as the roses were placed out on the beachfront of the Santa Monica Pier on the final day of the year. As the sun set on the horizon and the new year approached I realized how much of an impact I was able to make by being a part of this amazing organization and it reinvigorated the deep passion I had for serving the community. The feeling I had while participating in this project has driven me forward and it is the most meaningful act of service I have done while being a part of CNH Key Club.

Why are you running for this particular office and how can you strengthen and influence the CNH District?

When I first joined my home club, we were a club with a relatively small membership. And when the covid-19 pandemic hit, soon after I had attended only a couple of meetings, the club had to hold its elections online through zoom. Although I had not known much about key club, when I heard that there was an opportunity to run as a club president, I volunteered without hesitation. Looking back, it was a quite impulsive decision because it was obvious that I lacked a basic understanding of key club and if elected, I would have to adapt to this virtual environment which I had no prior experience with. Because there was no other candidate, I was soon put into this position where, depending on my actions, could lead to the club's downfall or continual through this unprecedented time. I learned, one thing at a time, mrf, club meetings, kiwanis, team planning. For the first few months, it was truly a time of trial and error. I held two zoom meetings every single week, one with my club and one with my leadership team. I composed my first meeting agenda, my first club meeting presentation, my first email, my first google form. Then I worked with my leadership team to locate and revive our social media so that we could gain members. On some Tuesdays, it would be my leadership team, my Kiwanis advisor, and one member and sometimes, there would be a bit more. Although sometimes, this made me feel powerless and exhausted, I kept persevering, and upheld my club until the end of the term maintaining 100% of the membership of the last n-person term. Then I decided to run for Lieutenant Governor for my division. This was another trial and error experience. When I entered the term,

I believed that the limitations of the pandemic would all lift and I could finally be able to host in-person dcms and meet all my members. This was cut short, however, and disregarding the limitations of covid-19, many other challenges rose, primarily with my geographically separated division. With much time left from planning simple, zoom meetings, I took the opportunity to experiment new implementations into our division. I followed the steps of the district, transforming monthly submission methods into google forms and making educational resources for my clubs. I also experimented with various division offices & committees, something that our division hasn't seen. We successfully set up a marketing committee which greatly improved our ability to make quality graphics, as well as extend division-involvement opportunities to members. To improve other connections with the Kiwanis and district programs, division coordinators were appointed for those specific roles. I believe that my will to take risks and try new things, my endless determination, and my understanding of the unique difficulties of a small club from a rural area is what makes me stand out as a candidate because I know what it takes to make change and I know what clubs, like the one I served, needs in order to succeed.

What was the most meaningful experience of service that you have experienced in Key Club? What made it so?

My most meaningful contribution of service while in CNH Key Club was definitely Relay For Life. This annual event dedicated to cancer patients held during the summer is something that our home club has been participating in for many years. And in 2020, I had the great opportunity to lead my key club as the team captain. Our key club was asked to create trinkets, or small gifts that would be given to patients. Meeting with my leadership team, we planned two virtual meetings called Trinkets are Treasures. On one day, our club folded origami butterflies and on the second day, we made our own unique trinkets, whether it be small empowering letters or custom stickers. I personally remember staying up until 2 am, the day before the event, putting together bracelets while others did the same. At the event, I collected everyone's creations and handed them over to the staff. For the meantime, myself and a couple of my club officers created flyers, tied purple ribbon around trees, and set up luminarias. Just before the event, I was pulled to the side by my kiwanis advisor and talked with one of the staff. She told me that the patients appreciated the trinkets so much, and she is thankful for us for putting them together. As much of a sentimental event this was for everyone there, at the end of the day, I felt the unique feeling of belonging and purpose, a feeling that key club volunteers know and cherish. This event gave me the motivation to keep wanting to stay in key club and furthermore, gave me the same passion that makes me want to serve you all as your next district treasurer because if it weren't for this organization, I wouldn't have these unforgettable memories. I want our CNH District to overcome our challenges, such as our membership crisis, so that we can continue upholding our key clubs that offer high-school students unforgettable, one-of-a-kind experiences.

Why are you running for this particular office and how can you strengthen and influence the CNH District?

Of the three executive positions, I believe District Treasurer is the most underrated. They are the leading student figurehead behind the dues payment process and a primary correspondent to funds donated to our preferred charities. The treasurer position originally enticed me when I served as my home club's treasurer. Unbeknownst to me at the time, my term as treasurer would be unprecedented as we could no longer collect dues from members in-person. I felt stumped. How could we convince our members to go out of their ways to pay dues for an organization that took place entirely online. After educating our members and working closely with both my school's finance office and the membership services help-line to coordinate a viable solution for our dues payment process, we remarkably paid dues for 27 members- nearly the highest in D36E. My thorough

understanding of the Membership Update Center was especially vital during my term as Lieutenant Governor when 5/7 schools had treasurers who were unaware of the meticulousness required for their role. From 20-long email threads between myself and KCI to change a faculty advisor, to hours on FaceTime walking my treasurers through the process, I felt ecstatic knowing that this insight was truly helpful. Ultimately, we were able to pay dues for 6/7 clubs, with the seventh of the way. I'm confident that my clubs were not alone in this struggle. Serving on the Strategic Planning Committee, we were able to gather data from club treasurers who expressed this discontentment with the dues payment process. For my extensive experience working collaboratively with both club treasurers, faculty advisors, and KCI to ease the difficulties of the dues payment process as much as possible, I would stand out as a candidate for District Treasurer.

What was the most meaningful experience of service that you have experienced in Key Club? What made it so?

At this point, I'm entirely sure that I have the Key Club Pledge ingrained in my soul: "I pledge on my honor to uphold the objects of Key Club International, to build my home, school, and community, to serve my nation and the world, and to combat all forces which tend to undermine these institutions." Originally, I didn't fully understand what this meant, believing service only encompassed the hours spent distributing food or clean-up after a Football game. It wasn't until I worked alongside my home club's board did I understand just how extensive "service" could be. After our 3rd time making cards on Zoom, it was extremely evident that both our members and officers were growing increasingly despondent of these repetitive events. In an effort to add some variety, I reached out to our local children's libraries, asking if they accepted home-made bookmarks. Happily cooperating, we organized our most successful service event: Booking Smiles at the Smiley Library. Although this was a more memorable opportunity for hours, my most meaningful contribution of service was not helping to organize the event, but moreover, re-instilling excitement and enthusiasm for service within our members.

I want to release District resources to help clubs *inspire* and recruit new members throughout the term. This would include "What is Key Club?" graphics, "Why Should You Pay Your Dues" graphics, and videos on the District Youtube Channel to highlight what sets Key Club apart from the other clubs on campus.

Lead

I want to host webinars for all treasurers within each Region to directly *lead* them throughout the Membership Update Center process and the dues payment process. I also want to have monthly District Treasurer office meetings where any member or officer can join and directly ask me questions if they have any. This way I can directly lead members and officers to achieve success.

Educate

I want to *educate* members on the various preferred charities and partners that CNH supports. I will do this by hosting District wide spotlight weeks dedicated to each and every one of our preferred charities and partners. I also want to educate members on the different opportunities they have like scholarships and more!

UNANIMOUSLY ENDORSED BY DIVISION 35 EAST

Suyeon Hwang

Hello CNH,

My name is Suyeon Hwang and I'm so honored to be able to introduce myself as a district treasurer candidate. Born in South Korea and moving to Hollister, California in 2012, for a long time, I struggled to find myself at home due to the language barrier and numerous cultural differences. However, joining Key Club made it possible for me to connect with people with the common goal of community service. Because Key Club means so much to me, because I know that Key Club means so much to all of us, I wish to serve as your next district treasurer so we, together, can set a *crystal clear future* for our district.

Serving with a CLEAR purpose,
Suyeon Hwang

C ommunicate

To ensure that progress is in the making, to maintain transparency between myself and you all, to hold myself accountable for the ambitions that I promise, I aim to *communicate* through monthly updates via email, social media, and newsletters.

L isten

Though I have my own ambitions, as a district treasurer, I will *listen* and act upon the situational needs of the district. I will also listen to your feedback and become the leader that you need me to be. To do this, I look to host monthly zoom calls and create a google form to receive feedback.

E mpower

Making progress for a big organization like our CNH district is the product of team effort. If elected, I hope to maintain a strong morale within our district board by being an *empowering* and supportive teammate as well as suggesting the implementation of a recognition system to acknowledge their endless effort as district leaders.

A ctive

If elected, I want to be someone that lieutenant governors, club officers, and key clubbers can talk to. I will make it my duty to be *active* and be the first to reach out. I will keep our district productive by being a proactive leader looking out for others whether it be reminding, keeping someone in check, or clarifying important information.

R ebuild

To strengthen our district, I believe that we need to *rebuild* our inactive clubs. In our district, there are countless divisions with clubs that have gone inactive during the pandemic. If we worked to revive these clubs one by one, we will set our district to success for future years. To contribute to this, if elected, I will create a guidebook for lieutenant governors that they can refer to when looking to reviving an inactive club.

Khanh Tran

FOR DISTRICT TREASURER

Hey CNH Bees!

My name is **Khanh Tran**, and it would be my greatest pleasure to serve CNH as **YOUR** 2022-2023 District Treasurer.

Whether in-person or online, the opportunity to be a part of Key Club is simply unmatched. This amazing organization has allowed me to develop my character as a leader, growing my deep passion for service. During this hybrid term, I've been able to witness the **outstanding persistence** and yet **innumerable hardships** faced by our clubs. Bearing the **drive** and **power** to overcome these challenges, with your **support** CNH, I know we can help these budding clubs **SPROUT!**

Sprouting in Service,
Khanh Tran

GOALS

- 100% Dues Paid Clubs by December 1st, 2022
- 20 New/Reactivated Club
- Create a bi-weekly office hours for questions
- Update dues manual
- Have each club donate an average of \$20 per member to a preferred charity or PTP by January 21st, 2023

SUPPORT: Serving as Division 36 East's Lieutenant Governor this past term, I've bore witness to multiple clubs whose officers hold very little to no prior Key Club knowledge. During my term, I will help **guide** these officers through intricate procedures, such as the dues payment or chartering process, by hosting **live district-wide webinars**.

PRIORITIZE: Emergence from the pandemic has highlighted which clubs require the most aid. Focusing on **helping smaller clubs and divisions first**, I will promote growth within the district on a **need-by-need basis** by learning and addressing each group's most pressing concerns.

ROOTS: Sometimes, **basic is best!** The pandemic has provided us with unique solutions to our distanced environment, but in addition to our novel strategies, I will place a heavy emphasis on our **grassroots design** as a district, emphasizing and employing changes which directly attributed to our growth in prior terms.

OHANA: Ohana means family, and luckily, Key Club is blessed with the support of our **Kiwanis family!** Re-establishing and maintaining these strong connections between faculty/Kiwanis advisors and club members will **expand our opportunities** as a service organization. As District Treasurer, I will help find and **facilitate new Kiwanis sponsors** to our Key Clubs which lack such connection.

UPDATE: **Active communication** is **KEY** to ensure that every party involved is kept **in-the-loop** of our activities. As such, aside from sending **monthly updates** on our **dues/fundraising progress** that are club specific, I also plan to implement an indefinite **Q&A forum** to assist **BOTH** advisors and club members on any and all questions they may have.

TANGIBLE: Let's see results! The most satisfying achievement accomplishable is to visibly see change made within our communities. With the pandemic limiting our ability to see such an impact, we've become disillusioned with what we can truly accomplish. **As the District Treasurer for the 22-23 term, I will ensure that we all are able to achieve tangible results.**

Why are you running for this particular office and how can you strengthen and influence the CNH District?

I have a strong passion for activism, and with a long history of advocacy for others, I have grown to value change, and I love making it happen! With the experience of founding an organization, I understand how important it is that leaders fulfill their responsibilities, and with this understanding, I can assure you that I will serve with complete commitment and dedication to bettering the community of Key Club International by both assisting

districts in reaching their full potential, and by taking Key Club International to new heights through collaboration and outreach. Over the past few years, I have embarked on a journey of self-reflection, and through it, I have developed a deep sense of who I am, and with this understanding, I know how I can best lead. It is vital that leaders accept criticism and help, and through this period of self-reflection, I have learned to love and sincerely appreciate feedback and assistance when necessary. I enjoy events and organizations where people come together to do good, and I have a lot of experience mobilizing and inspiring others, but I know that I can't do everything alone. This sense of understanding that I've gained through holding leadership positions on numerous fronts allows me to confidently share that as I step into the office of International Trustee, I will value teamwork and communication. Additionally, as a leader, I understand how important it is to be flexible, to bend but not break, to embrace diversity of thought and ideas, and to work efficiently. Ultimately, the purpose of people coming together is to achieve a common goal, and I look forward to achieving the common goal of serving our communities while also sharing some laughs and making unforgettable memories along the way!

What was the most meaningful experience of service that you have experienced in Key Club? What made it so?

During my freshman year, I volunteered at a community Trunk-Or-Treat Halloween celebration. At this event, I had the opportunity to bond with younger kids in my community who were more than excited to tell me all about their innovative Halloween costumes. I guided the kids around the venue and assisted them in the Halloween-spirited games, and we had a blast. I can't quite pinpoint exactly what it was about this moment that left such an impact on me, but it did, and it has a special place in my heart. I love knowing that these young kids that may have been first introduced to the Kiwanis Family at this event may grow into our future Key Club leaders. This contribution of service led me to found the Children Advocacy Program, an organization aimed at combating local and global humanitarian crises impacting children. I have since applied what I have learned through the founding of this organization back to Key Club, and it feels as though everyday I notice a new connection between Key Club goals and advocating for children in need of our support. This example of Key Club service inspiring members to advocate for their beliefs is one of the most valuable experiences Key Club has to offer. While I was inspired by the children at this event, I also served in an inspirational role for them. Through our long conversations about the best Halloween costumes, candies, and traditions that eventually led into conversation about current events, I believe I inspired the children to take on the world with confidence and drive to cause change. The biggest act of service one can do involves inspiring a future leader.

Why are you running for this particular office and how can you strengthen and influence the CNH District?

What makes me stand out the most as a prospective candidate for endorsement as International Trustee is most definitely my dedication and personal resilience. I by no means allow laziness and procrastination get in my way, when I make mistakes I always make sure that I reflect and learn from these mistakes, then always make an effective game plan to try again and improve! For example, I ran for Lieutenant Governor of my division and unfortunately lost, I poured my heart and soul into that election but it didn't work out as planned and it

HURT. Instead of giving up, I reflected and improved then came back better than ever, running for president of my club and now seeking endorsement for International Trustee. I have always believed and lived my life as a person with the philosophy of NEVER giving up and always trying again because in the end it will eventually work out, with success that will eventually leave you proud and excited of something. I promise to apply this very philosophy above to EVERYTHING I am involved in related to the role and beyond of International Trustee, to ensure that the trust you all invest in me to reach my goals for this organization as Trustee is most effectively carried out and executed with the highest efficiency and with great levels of effectiveness. I think one of the world's greatest engineers and innovators, Thomas Edison, said it best "Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time.

What was the most meaningful experience of service that you have experienced in Key Club? What made it so?

My most meaningful contribution of Service in CNH Key Club is VERY simple and short. It's having the simple opportunity to bond with my "homies" my "OG's", MY HOME CLUB. The most meaningful and influential Key Club memories that encouraged and got me here today is my HOME CLUB. The charisma and vibe I always had being in the environment of like minded individuals, eager for service, always kept me motivated and going STRONG. The feeling of knowing that everyone else standing with you is exhausted, but are all still here working hard to better our community and world, that deserves respect. I love you Marysville Key Club, and will be forever grateful for the long lasting support in my future endeavors! I'm doing this all for YOU, lending a hand is what I was born to do! I will work tirelessly to bring this absolutely amazing "thing" to Key Clubs around the GLOBE!

Why are you running for this particular office and how can you strengthen and influence the CNH District?

My unique perspective and experience as a Key Clubber is what places me apart from the other candidates. Since freshman year, I have taken full advantage of my experience as a Key Clubber by constantly attending events, applying for any available position, and trying new things. I have been lucky enough to meet some amazing and inspiring individuals, through my experiences serving on the Club, Division, Region, District, and even International level. From being a member to rising up as a leader, I have gained a better understanding of what our members' needs are from International.

Additionally, during my time as Lieutenant Governor, I hosted an inter-district Division Council Meeting with D44 from the Pacific Northwest District, allowing me to gain better insight on the differences between Cali-Nev-Ha and other Districts around Key Club International. With my unique point of view, enthusiasm for this organization, and past experience, I believe I will be able to bring International to new heights as International Trustee!

What was the most meaningful experience of service that you have experienced in Key Club? What made it so?

By far, my most meaningful contribution of service within CNH Key Club was through my term as Lieutenant Governor. While I have deeply enjoyed attending service events nearly every week, being Lieutenant Governor was an opportunity to uplift others and to encourage others to become leaders themselves. I had the amazing opportunity of working alongside 8 clubs, over 50 officers, and many more members. In that time, I was able to educate and connect with so many people who inspired me to continue on in my Key Club journey. The sheer passion and energy my division radiated that term, despite it being online, was truly a turning point in my Key Club journey. It is undeniable that those high schoolers were some of the most hardworking and innovative people I have ever met. It was immensely rewarding to coordinate events and develop strategies alongside them. Having the ability to help others reach their full potential, while also helping my community and world is an indescribable feeling. The fact that so many of these high schoolers dedicate their time, energy, and resources to this organization is so awe-inspiring. It is truly my desire to ensure that their experience is the best that it can possibly be.

Why are you running for this particular office and how can you strengthen and influence the CNH District?

My ability to understand individuals coming from different paths and my natural devotion to serving others allow me to stand out as a candidate. As a young child, I remember constantly pestering my parents to let me volunteer at houseless shelters—my bookmarked tabs were frequently dedicated to volunteer opportunities for children my age. I have always been driven to help other individuals who needed a helping hand, whether that be through initiating donation drives for the houseless or volunteering at events for the differently-abled community. After my first Key Club event with the most supportive and welcoming community, I fell in love with how Key Club's fundamentals and values aligned so well with my own.

As a differently-abled individual who has experienced vastly different socioeconomic levels and lived in contrasting places before, my unique experiences allowed me to develop an open mind to all opinions and find the middle ground between potentially opposing beliefs—something that is key in serving on the international level. As I continued my Key Club journey, I seized any opportunity that allowed me to grow my skill set and as an individual, becoming my club's youngest officer and vice president in around 4 years and becoming involved on the division level by sophomore year. I currently serve on the district level as CNH's District Technology Editor, a position that has opened my eyes to how important it is to provide Key Club members with access to the updated information necessary to accomplish their goals. I believe that my unique path—as well as being a member and serving on the club, division, and district level—created a perspective that is difficult to create without going through such experiences to allow me to represent any district and continue the IP trustees' work on making the Key Club experience more inclusive for all individuals.

What was the most meaningful experience of service that you have experienced in Key Club? What made it so?

Out of all my contributions of service, my first Key Club service event is the most meaningful. For many Key Clubbers, including myself, our portrayal of Key Club and its values lie in our first few Key Club events. As I arrived at the venue at 6 AM, I felt incredibly nervous about messing up and creating potential disasters. Yet the ease of how the Kiwanis volunteers welcomed me soothed my worries, and soon we were cracking jokes while setting up booths. As the event started, I was immediately swarmed by kids rushing into my booth to create Pokemon yarn plushies. As I settled one child into their seat, another needed help untangling yarn, and another would tug on my sleeve. Yet, this chaos was comfortable—because it was connected to others' joy. Occasionally I would catch the eyes of another Key Club volunteer rushing around and we would share a smile, feeling connected by the kindness and joy of this shared experience. The smiles and laughter of the community encapsulated everything Key Club stood for—a place of leadership, character building, caring, and inclusiveness. While my legs passed out on me afterward, a result of rushing around for hours, I couldn't be happier. Watching the young children proudly show off their creations to their loved ones made me happy to have played a role in their delight. While seemingly small, these acts of service—having the privilege to help create special memories for other individuals—are ones I hold closest to my heart. And it is these memories that I wish every Key Clubber could experience—the indescribable happiness of bonding with a community in a welcoming, spirited environment.

Why are you running for this particular office and how can you strengthen and influence the CNH District?

In any officer board, it is important to have a mix of perspectives that stem from unique experiences to bring BALANCE. I believe I can offer the perspective of members to work with others who may have gone through much of their Key Club journey at higher levels, thus combining to give everyone a wider PERSPECTIVE. Serving on my division's DLT led me to talk to many different members with different experiences, broadening my perspective of various views of Key Club! By bringing this different and vast perspective to the table, we can ensure that we are able to cater to every aspect of this organization. This mix of perspectives would help lead us to various approaches to problem solving, allowing a team to work together and bounce off of one another! Although I hope to bring the perspective of a general member, the experience that I HAVE gained throughout my Key Club journey gives me the knowledge to effectively serve as an

International Trustee, while my willingness to learn from everything makes up for lessons and skills that I have not yet been able to experience! I cherish all that Key Club has taught me and I know that I will learn even more in the upcoming term, no matter what happens. My will to learn and my previous experiences assist me in being a well-rounded candidate for International Trustee, and I hope to get the chance to serve YOU in the upcoming term!

What was the most meaningful experience of service that you have experienced in Key Club? What made it so?

As I checked the members in, I was told that I would be standing in for a spirit coordinator to lead cheers at a Pre-Fall Rally. At first, I was extremely hesitant about getting in front of everyone with a microphone. However, throughout the event, I was able to see everyone come out of their comfort zones—including me! It was extremely inspiring to watch everyone gain confidence and put their all into showing spirit. Though I didn't realize it at the time, that moment was something that I would remember for the rest of my Key Club journey, and something that still inspires me. The passion shown from the members truly motivated me to become more outgoing and led me to work harder to serve them! While not fitting the standard definition of community service, serving the members and seeing their passion for Key Club was extremely meaningful to me, and has become a lasting memory. This contribution of service has earned its place in my heart and constantly motivates me to do more for our community and the people in it!

- PATRICK HENRY KEY CLUB KIWANIS FAMILY CHAIR 2020-2021

NAVIGATE

EFFICIENTLY NAVIGATING RELATIONSHIPS WITH OTHER ORGANIZATIONS TO PROVIDE OPPORTUNITIES FOR CONNECTIONS AND PARTNERSHIPS GREATLY INCREASES THE IMPACT OF EACH MEMBER ON OUR COMMUNITIES. PARTNERING WITH MORE ORGANIZATIONS PROVIDES MEMBERS WITH UNIQUE OPPORTUNITIES TO DEVELOP NEW PASSIONS AND EXPLORE POSSIBLE CAREER PATHS.

GROW

FOCUSING ON GROWING CLOSER TOGETHER BRINGS A GREATER YIELD OF HAPPINESS AMONG MEMBERS AND A LARGER SERVICE IMPACT. AS AN INTERNATIONAL COMMUNITY, IT CAN BE DIFFICULT TO CONNECT, BUT THROUGH THOUGHTFUL UTILIZATION OF OUR TECHNOLOGICAL RESOURCES, WE CAN BOND WITH ONE ANOTHER IN A WAY AND TO AN EXTENT WE NEVER HAVE BEFORE.

Brighton R. Quintana

Candidate for International Trustee

"I want to help **sprout** our members...
and **GROW** Key Club International!"

GROWTH

It's essential that we as an international organization that we empower **ALL** of our clubs and members, **GROWING** our numbers and allowing us to become **UNITED** and bond as a powerful organization. I will make sure this is done via my contribution to powerful and effective policy making for my district, while working closely with my colleagues to encourage the same.

RESILIENCE

Finally, as we come out of these tough times, we must stay **optimistic, productive and fix the "damage"**! COVID-19 has severely decreased the morale and stamina for service of our members, with effective policy making, the release of **NEW**, efficient, and more organized materials like guides, and implementing **1-1 direct club support** mentoring. This will help to keep everyone motivated, happy and resiliently working through difficult circumstances. It won't be easy, but it's most important that we remember to **NEVER GIVE UP!**

OUTSTANDING

With hard work comes reward and huge impacts in our communities around the world! With all of the efforts and policy I plan to initiate, I believe we can build an outstanding **Key Club International**, to drastically improve from our current state of low membership and member involvement, especially in our smaller districts and international districts! Conforming to the new era of technology, **creating more intuitive and integrated systems** while making all resources **COMPLETELY** widespread and easily accessible for all clubs, members and divisions, will help us **ALL** meet our goals.

WORTHWHILE

In the end, I want to create a **LONG LASTING** and effective change in Key Club International. This is most definitely the most important implementation, to ensure our reconstructive actions are permanent and long lasting to continue building the great organization that Key Club is, through new, modern, and effective methods while lending a hand individually to every division, club, and member!

international trustee candidate

while crafting your goals, know that i'm here FOR U

WHAT'S BUZZIN' CNH?

My name is Hannah Su and I am **BEE-yond** honored for the opportunity to seek endorsement to run for International Trustee.

From my first event to now, Key Clubbers have constantly amazed me with how seamlessly we welcome everyone into our family—not once have I felt out of place. From joking about the freezing weather while volunteering during cold winter mornings to spirit drill preps for Fall Rally, the memories I've made in Key Club are ones I treasure most. I hope to give back to the community that has given me so much by improving the systems to help Key Clubbers create even better memories.

As International Trustee, I hope to return the experience, by making my term about **YOU**: Valuing your opinions, representing your voices, and listening to your ideas. I will bring new ideas to expand our reach, elevate our members, and recognize YOUR passion for Key Club.

Always here FOR U, *hannah*

Bylaw Amendments

The California–Nevada–Hawaii District Board presents the following Bylaw Amendments to be voted on during House of Delegates at the 76th District Convention.

Edit - Article XI: REVENUE

Section I. Each member club will pay to the district for each and every member based upon the below district dues schedule:

Prior to October 1, 2022 the district dues will be \$4.50 per annum

From October 1, 2022 to September 30, 2023 the district dues will be \$5.00 per annum

From October 1, 2023 to September 30, 2024 the district dues will be \$5.50 per annum

From October 1, 2024 and going forward the district dues will be \$6.00 per annum

These dues will accrue on October 1 and will be remitted to the CNH Key Club District Office by the individual club not later than December 1 of each year.

Justification: The CNH District Board proposes this dues increase due to the deteriorating financial situation of the CNH Key Club District, which could possibly lead to insolvency. A couple of significant factors for this deterioration has been the ongoing decline in membership as well as the rising cost of inflation.
