As Key Clubbers, we have the **unique honor and responsibility** of making truly **irreplaceable impacts** on our home, school, and communities.

A crucial element of serving your communities is **nurturing your environment** and the best way to start is committing to sustainability and environmental awareness.

This summer, as you spend time within your community, think about how **YOU** can best contribute to its overall **health and cleanliness** with this month's SOSP theme: **BEE Clean CNH!**

BEE the change by volunteering with the National Park Service. Explore the great outdoors with your club or division by going on walks or hikes. Water some plants and make social media posts advocating to preserve nature!

National Park Service:

The National Park Service offers a variety of volunteer opportunities. These range from one-time service projects to long-term events, where you can serve alongside park employees and their many partner organizations. Find a local National Park to get involved!

Pay What You Can Pop Up Food Stand!

Pay what you can restaurants work by offering multiple different payment options for the same meal:

Minimum = Pay what it takes (cost of ingredients)

Middle Ground = Pay what it costs to make

Max = Pay it forward; this price would average around what the meal would cost in most restaurants and helps support the stand.

Can't Pay? The cost of the meal can be offset by volunteering for a set period of time. These pop-up locations can also be spots to collect donations for a drive.

AIDING WILDLIFE

SOSP INFORMATION

Your Service Projects Committee promotes International and District initiatives through the CNH Spotlight on Service Program. The Spotlight on Service Program aims to showcase clubs and divisions, as they remarkably serve their homes, schools, and community.

Monthly guides include ideas and guides on how clubs and divisions complete the monthly service initiatives. The service project committee does this by brainstorm a few engaging event ideas for you, your club, and division to build upon.

The Spotlight on Service Program would love to receive project submissions (Photos & Description) to showcase in the District Newsletter. Clubs and Divisions will be spotlighted in the newsletter, but only one club/division will be highlighted on the CNH instagram every month for SOSP!

SOSP SUBMISSIONS

Clubs & Divisions can submit to the form in order to receive recognition, which can be found under the "Spotlight on Service Program" page under the "Projects" tab on the CNH CyberKey.

- ★ All submissions are due on the fifth of the August month by 6:00 PM (PST) or 3:00 PM (HST)
