SPOTLIGHT ON SERVICE PROGRAM | JULY 2020

# BEE

— Clean, —

# CNH!

# july overview

Hello CNH!

With school out and summer in session, remember to give back to your community by keeping the environment clean and healthy! There are a variety of ways to promote the cleanliness of the environment such as a picking up litter in a local park or recycling goods. This guide is designed to give you inspiration for service projects and fundraisers for July's Spotlight on Service Program theme: BEE Clean, CNH! If you have any questions, comments, or concerns about the Spotlight on Service Program or theme for this month, email [cnhkc.sp@gmail.com](mailto:cnhkc.sp@gmail.com).

Happy Serving,  
Service Projects Committee

# EVENT IDEAS

## *nature cleanup*

While it is recommended to remain social distancing, members can go to a local park or neighborhood and help clean up the community! When planning, prepare supplies such as latex gloves and trash bags. Consider cleaning other locations, such as forests, gardens, or even the beach. Since members may not be able to meet up with their clubs, members can participate in nature cleanups with family members!

## *educational workshops*

Gather resources about climate change and greenhouse gas emissions to educate members about how they can make a difference. Encourage small steps to reduce carbon emissions such as carpooling and recycling! Zoom, or any other video conferencing platform, is recommended for hosting online educational workshops.

# SERVICE PROJECT IDEAS

## *plant a seed*

Members can grow different flowers in their backyard and then partner with a local hospital or senior home to give bouquets to hospital patients or to those who are housebound. To ensure plant growth, members should research educational resources such as YouTube videos or articles online to assist with the process.

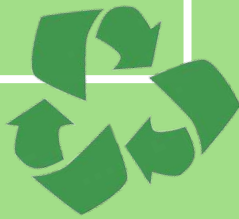

## *environmental awareness*

Members can create graphics that educate others about the environment and what they can do to combat and reverse pollution. Things to include in the graphics may include statistics about pollution, health-related impacts, or ways to reduce emissions of harmful gasses. This can help save lives by promoting simple acts to encourage cleanliness of the Earth and spread awareness!

# FUNDRAISER IDEAS

## *recyclables fundraiser*

In order to raise money, members can collect recyclables to turn into funds for charity! Members can either drop off the recyclables themselves or the Lt. Governor can create a drop-off site for everyone. After the recyclables are dropped off at a recycle center, you can use the funds raised to donate to charity!

## *pennies for charity*

While it may be difficult to organize an in-person fundraiser, there are many other ways to fundraise while social distancing. For example, members can collect loose change or cash and put it in a jar. Once the division is able to host in-person events again, this money can be donated to the charity of the division's choice. It can even be made into a competition to see which member can fill up their jar the fastest!

# WHAT IS THE *spotlight on service program?*

## *background*

The CNH Spotlight on Service Program was created by the Service Projects Committee to promote International and District initiatives as well as to encourage active participation with organizations/initiatives. Monthly guides include tips and ideas on how clubs can complete the monthly service initiatives. The program also gives clubs the opportunity to showcase their unique service projects that positively impact their home, school, and community. The Spotlight on Service Program would love to receive project submissions from the District to showcase projects from the previous month in the District Newsletter.

## *submission*

Clubs can submit to the form in order to receive recognition, which can be found under the "Spotlight on Service Program" page under the "Projects" tab on the CNH CyberKey. Pictures should be sent to [cnhkc.sp@gmail.com](mailto:cnhkc.sp@gmail.com). All submissions are due on the fifth of the following month by 6:00 PM (PST) or 3:00 PM (HST). One or more clubs are featured every month in the District Newsletter in recognition of any outstanding service project!
